

The Souvenir Card JOURNAL

FIRST QUARTER 1993
VOLUME 13 NUMBER 1

THE OFFICIAL PUBLICATION OF THE SOUVENIR CARD COLLECTORS SOCIETY

George Washington (1732–1799), Baron (Nathaniel Mayer) Rothschild (1840–1915) and Dom Pedro II (1825–1891), three prominent world leaders, are portrayed on an American Bank Note Company Souvenir Card (folded sheet) issued for the 1915(?) opening of their business office in Paris. The other engravings from this card are included in this issue (see page 12-13).

AS I SEE IT

◆ I appreciate Robin telling you "all" about me in his last issue. I also strongly concur with his closing paragraph about the basic courtesies of writing and communications, especially when dealing with someone for the first time and, particularly, when you are already requesting a favor or information—include an SAE!

◆ The idea of taking over this publication after the fine work done by my predecessors, **Robin Ellis**, **Doug Holl**, and, of course, **Curt Radford**, leaves me with some sense of awe. I have been the editor of another specialty journal for over twelve years. I have noted that there is only a certain amount of time available for "collecting" and the other publication used up so much that it was not until I tried my hand at exhibiting (1991-92) that I found (took) the time to work on my collection. Philatelic exhibits require some write-up and write-ups require some research. They also require a consideration for presentation. I like to think that my design training covered the latter fairly well. The former was another question. I managed it and garnered some nice awards. I have not tried to exhibit SC's yet but that won't stop me from doing some research on them. How about you?

◆ This is my first issue. I started out thinking about size, format and, yes, presentation. My original idea was to produce a uniform size issue—40 pages plus covers. I therefore, started preparing what little was in my "in-box" for that format. In checking with the new printer, I discovered that his press (16 pages per pass) would produce a 48 page, plus covers, for about the same price. The result is this issue.

◆ My goal is to bring this publication out in a timely manner. I will appreciate the help of all contributors, regular and/or new ones, to help me realize that goal. Material for a quarterly issue should be RECEIVED NO LATER THAN the END of the FIRST MONTH of the quarter, however, I will take whatever you offer when I can get it. If it misses my production deadlines, I will save it for the next issue. I DO NOT plan to be the Editor and the "author" of the articles that appear herein. If I have no (on time) contributions, I will reproduce some of the items in my collection. If YOU have some unusual items please send in a clear photocopy and a

William Victor Kriebel (SCCS 27)

brief description of what it is and/or how you came by (buy?) it. I would also like to institute a "Letters" page and ENCOURAGE YOU TO WRITE with comments, questions and/or criticisms. If you want a personal answer, don't forget the SAE!

◆ As you may have seen in the Intaglio Card listing (pp. 49-50) the prices for the American Bank Note Co. cards have increased for this year by \$.50 per card. In the past, I have been dismayed that the cards were the same price whether you bought them by mail subscription (batch mailing), individually mailing, or in person at the show. This year ABNCo has decided to offer what amounts to a "discount" if you subscribe to the series: a total of \$5.50 for the 11 cards involved (no discount on the three "Limited Edition" cards). Although well appreciated, it doesn't seem in keeping with the "savings" involved for three shipments as opposed to 11. It should also be noted that cards purchased at the shows are the same (mail) price PLUS the local sales tax. ABNCo appears to be one of the few show vendors that follows the local laws. Although this appears to be laudatory from the taxpayers' view, it seems that the mail order shipping/handling charge would in effect reduce the price of the card purchased at the show "in person."

◆ ABNCo is producing 11 cards plus three "Limited Edition" cards and BEP is producing eight cards, three "prints" and a special, for a minimum total of 26 cards for 1993! A collection of MINT ONLY (assuming \$22.50 each for the BEP "prints") will run (individually mailed) a MINIMUM of \$307.50! A FORMIDABLE SUM in a recession and in a field that was recently considered "dying." I hope it doesn't lead to another version of the OVERKILL experienced in the earlier days of souvenir card collecting.

STAGE STAMP PRINTERS AND

PRESIDENT'S PAGE

◆ This is the first issue of our new Editor, Mr. **William Kriebel**. We hope that Bill will enjoy publishing the Journal and that our members will equally enjoy reading it. He is eminently qualified for this position with his previous experience publishing a journal devoted to the stamps of Brazil. Once again, our thanks go to **Robin Ellis** for his many years as Editor. He did an excellent job.

With **Bill Kriebel** taking over as Editor of the Journal, I would request that our members show him the same support by providing articles for publication as they did for our previous Editor, **Robin Ellis**. As you all are aware, a Journal is only as good as its contributors' articles. Bill hopes to send each Journal out on a timely basis and requests that any articles be sent in legible format with clear unfolded photocopied items for illustration.

◆ Plans are now being made for the **Souvenir Card Collectors Society** to have its annual general meeting at the American Numismatic Association Convention in August of this year. This convention will be held 28 July through 1 August 1993 in Baltimore, MD at the Baltameric Convention Center. This site was selected for this year's meeting as we had our last meeting in the Midwest at a Philatelic Exhibition [WSCE '92]. We have not had our general membership meeting on the East Coast since 1989. In addition, we like to alternate our meetings between numismatic and philatelic exhibitions. As always, this show promises to be a good one for souvenir card collectors as a number of American Bank Note Company and Bureau of Engraving and Printing souvenir cards will be issued there. The SCCS will also issue a card there.

◆ Members paid up for 1993 should have received their membership cards by now. These nicely engraved membership cards were printed by **Michael Bean**, a Bureau of Engraving Plate Printer and strong supporting member of the **Souvenir Card Collectors Society**. These membership cards are becoming collector's items by themselves. In addition, it is planned that the SCCS will provide an intaglio souvenir card also printed by Mr. Bean as a gift for joining [or renewing in] the SCCS for 1993. These will be mailed following our membership meeting.

Curtis D. Radford, M.D. (SCCS 1)

◆ The most recent SCCS Auction was a great success according to **Ken Barr**. You will see his report in this issue of the Journal [p. 29]. It is heartening to see more of our members taking advantage of this excellent benefit for members. There are a large number of quality mint and show canceled cards that appear in our auctions. These can be purchased for a very reasonable rate. I would like to encourage all our members to utilize our auctions as well as the free classified advertising that is provided in each Journal as a benefit of membership.

◆ It is with deep regret that I inform our membership of the passing of the well known souvenir card dealer and SCCS supporter, **Russell Bell**. Russ passed away this past Fall due to complications of malignant melanoma that had spread to the brain stem (base of the brain). He had initially suffered a hemorrhagic stroke and made a valiant effort to come back following aggressive neuro-rehabilitation. However, he was subsequently found to have a malignant melanoma (a cause of his stroke) and subsequently passed away.

Russ was a well known souvenir card dealer from the early 1970's up until about 1991. He did quite a bit of marketing in the philatelic and numismatic press which did a lot to raise interest in souvenir cards in both hobbies. His price lists were filled with information regarding souvenir cards and are sought today for the information they contained. Russ was also a strong supporter of the **Souvenir Card Collectors Society**. He will be missed by the Society, its members, and souvenir card collectors as a whole.

◆ I hope you all have good winter months. Please plan on attending our annual general membership meeting in Baltimore.

British American Bank Note Co. Montreal

SOUVENIR CARD ERRATA

Donald W. Hitchcox (SCCS 2)

The American Bank Note Company card (Figure 1, below), numbered as SO 96 by the SCCS, is one which combines one intaglio operation and two lithographed operations.

Printed in a sheet of four cards (Handel, Washington, Franklin and Lincoln) the Handel card is the subject of this article.

The intaglio sequence came first (Figure 2, page 7) but ignore the rosette which was lithographed later.

Figure 3 (page 8), a litho operation, was next and the last litho operation appears (Figure 4, page 9) as an error card with the olive green rosette, and is the focus of this article. Not

visible here, but present on this card also, is a colorless blind impression of the intaglio printing. This indicates that TWO sheets (still four cards to a sheet) were fed into the intaglio press and this card was underneath the other. Hence, the pressure registered, but of course no color.

Also note on this card that the gold circular medallion was not applied, it being separate operation, and it could be conjectured that if it had been the error would have been highly visible, and would have been destroyed by ABN as not meeting their inspection standards.

This card is believed to be unique as no others have been reported to date.

DO YOU HAVE THIS CARD?

William Victor Kriebel (SCCS 27)

In the July–August 1992 issue of *Stamps etc. Catalog* from the USPS, buried in a myriad of "offers" for "Olympic Souvenirs," was the following note:

"OLYMPHILEX'92 Souvenir Card

This souvenir card was issued at OLYMPHILEX'92, an international Olympic and sports stamp exhibition held in Barcelona, Spain, during the Summer Olympic Games. The canceled card will bear a U.S. Olympic baseball stamp and a special OLYMPHILEX'92 cancel.

2518 \$2.00 OLYMPHILEX'92
Mint Souvenir Card
2518C \$3.75 OLYMPHILEX'92
Canceled Souvenir Card."

I am not a dealer and, quite frankly, am not

overly fond of recent U.S.P.S. cards, but I went ahead and ordered one of each. Later I mentioned it to Art Benjamin and a few others to whom I happened to have spoken.

The same offer appeared in the September–October issue of the catalog. A copy of the mint card (illustrated) arrived shortly thereafter. The computer invoice that accompanied it used their standard "# ITEM(S) NOT AVAILABLE PLACED ON BACKORDER."

At the beginning of November, I received the letter (illustrated opposite) from the USPS, indicating the cards were unavailable: "At the present time, we are unable to supply either of these Souvenir Cards." What happened? Does anyone know the story? How many cards were actually released?

Reduced copy of original 9" x 6" size: Dark green background, light green "rings," white lettering, gold band at top and gold USPS and Olympic rings at lower right. Stamps in full colors as issued.

ABNCo: THE FRENCH CONNECTION

At the time of the First World War, the American Bank Note Company arranged for, and prepared designs and engravings for, the possible printing of new French currency in the anticipation that that nation's currency printing plant might fall into enemy control. Proofs of the currency prepared in 1918 (sample reduced, below left), but fortunately never needed, were offered in the Christie's auction sales of the ABNCo's archives in 1990–1991.

One of the designs included the allegorical standing female figure of "Fortune" which the company had used (1920) on the 5,000 korun banknote of Czechoslovakia ("specimen" copy reduced, below right) and also in the folded card they produced for the opening of their "Bureaux pour l'Europe" in Paris (illustrated opposite, upper right). This engraving and that on the cover of this issue were printed in black on the inside of the fold.

The other two imprints, in light blue, were the ABNCo eagle (opposite, upper right) on the "cover" of the folded card and a stylized "banknote" picturing Paul Revere (opposite, bottom) "the first to adapt the engraving process to security paper" and some allegorical figures of commerce and industry on either side, on the "back" of the card.

Paul Revere (1735–1818) is considered "the Father of the Industry" of U.S. security/bank note engraving from the fact that he was responsible for the first notes prepared—not under British rule—as the "first bank note engraver of independent America." In Boston working as a noted silversmith, he ventured into engraving—first a hymnal, and then political subjects—becoming a bank note engraver in 1775. Revere produced engraved notes for the rebel forces during the Revolution.

His efforts were followed by letterpress-

William Victor Kriebel (SCCS 27)

printed notes authorized (1775) by the Second Continental Congress. These notes were easily counterfeited, because of their printing method, and were almost valueless within four years.

The first engraved notes prepared for a bank—not a governmental agency—the Bank of North America, based in Philadelphia, appeared in the 1790's. The Federally chartered Bank of the United States opened in Philadelphia in 1791. Since Philadelphia was now serving as the capital, the first mint was also established there. A mint needs an engraver. They found the "best" in one Robert Scot (1750?–1824?).

The dates under the eagle ("1795–1879") reflect important dates in the history of the American Bank Note Company. The 1790's produced rapid economic expansion and the need for banks. Organization and the accumulation of capital delayed their actual formation until 1795. That same year, Scot started his bank note business that was to eventually become the American Bank Note Company.

The company Scot founded went through a series of metamorphic actions which combined the talents of many independent engravers and companies and culminated in 1858 into "The Association" known as the American Bank Note Company, which in turn absorbed still more companies into "The Consolidated Company" in 1879. "The Present Company" (1959) was formed in 1911, with the inclusion of the United Bank Note Corporation and Canadian Bank Note Co, Ltd.

PRIVATE SOUVENIR CARDS

I am pretty well over my knee replacement surgery of 16 June 1992.

Thanks to Robin Ellis for his many years of service as Editor of the Souvenir Card Journal and Best Wishes to our new Editor, former Member at Large, William V. Kriebel. I am certain that Bill will make a fine new Editor. He is SCCS number 27.

♦ The METRO CHAPTER, designed for members living in the Connecticut, New York, New Jersey, Pennsylvania and the Baltimore-DC area, is a lively, well directed group. Just this past weekend [written 5 January 1993] I received a telephone call from old friend Ken Werring, who is active in the METRO CHAPTER. They are a knowledgeable group and should be supported by those living in the area described earlier. I believe that their [annual] dues are only \$5.00 for membership [mailings] which includes a bright and informative flyer. For more on the METRO CHAPTER, please write to another old friend of mine, Mike Padwee, 163 Joralemon Street, Box 1520, Brooklyn, NY 11201. If I lived about 1,200 miles north of Hobe Sound, I would be a member. By the way, Hobe is pronounced Hobe (as in ear lobe), not "Hobey."

♦ The Association of Bergen County Philatelists, Inc. is offering a card honoring Thomas Jefferson's 250th Birthday in February. There will be 580 cards printed. SCCS ANNUAL MEETING
ANA CONVENTION, BALTIMORE, MD — 28 JULY-1 AUGUST 1993

BEP Spider Press and two (2) Souvenir Cards; **ABNCo Spider Press** and two (2) Souvenir Cards; possible **SCCS Banquet Dinner**, with (possible) intaglio souvenir; **SCCS Membership Meeting** probably Saturday, 31 July. If you plan to attend, please let ART BENJAMIN (address on page 3) know what days you will be there, and, if you would like to participate in the Dinner (nominal cost), whether you prefer Friday or Saturday night. Please also support the SCCS by **VOLUNTEERING TO MAN OUR TABLE**—no real effort, just some time and the ability to answer questions about the SCCS. Materials will be available—**ALL WE NEED IS YOU!** Please **COME** and **SUPPORT** the Society.

In the Spring 1992 (Volume 12, No. 1, pp.12-21) issue of this Journal, Curt Radford wrote a fine article about Souvenir Bank Note Cards, which ended with the IBNS (International Bank Note Society) London '91 sheet a Thomas De La Rue product picturing composer Dr. Ralph Vaughn Williams.

He also mentioned (but did not illustrate) the reverse side (below) of the Isadore Kingdom Brunel (English Civil Engineer and Naval Architect, 1806-59) sheet (5.875" x 3.25"), the face of which is his article's Figs. 11 & 12.

About the time the article was "in-the-mill" another beautiful sheet—a one-side printed scene of Printer (?) Guildsmen (opposite)—appeared for The Fifth Annual European Paper Money Bourse and an actual card—the first for IBNS—(8.25" x 11.375") was issued for The Sixth European Paper Money Bourse 1992 (p. 18) both held in Maastricht, The Netherlands. The sheet (9.375" x 4.75") was also produced in a *tete-beche* format with the sheet illustrated as Fig. 8 in the earlier article, neither having any over-printing, in an overall size of 10.5" x 10.5".

The latest sheet, mentioned at the end of the Ed Beers' article on the previous page, is similar to the De La Rue "Sir Isaac Newton" sheets (Fig. 6 in the earlier article) except for some minor

details—the writing above and below the portrait and the lack of a "serial" number—making it (p. 19) more like the sheets issued for the 16th and 17th Annual European Congresses (1986 & 1987), with the further exception that the souvenir commemoration, overprinted on the face of the earlier sheets, is printed on the back. Sheet size: 8.5" x 5.375"

Finally, I illustrate (pp. 20-21) a *tete-beche* sheet produced by Bradbury Wilkinson & Co. with a theme for the English architect, Sir Christopher Wren (1632-1723), who, among other buildings, is responsible for St. Paul's Cathedral in London. This promotional sheet—not yet used for any IBNS event—(10.5" x 10.5") is absolutely incredible in color and design, some of which will not easily reproduce—security printing!

For the benefit of those members who do not have these sheets, I illustrate them here. All of the sheets are shown at their full size, with physical dimensions listed with the sheet info. (Please note: I do not chose to put borders around sheets/cards, as I think it detracts from the appearance like "mourning" envelopes of old. Dimensions are given as width x height.)

None of these items begin to "show themselves" in black and white reproduction. The colors and the craftsmanship are incredible!

For the souvenir card collectors who live in and around the Washington, DC area, the year's first major philatelic exhibition in the region will be the annual National Philatelic Exhibition of Washington, DC (NAPEX). This year's exhibition will be held 4-6 June at the Sheraton National Hotel, located at the intersection of Columbia Pike and Washington Boulevard in Arlington, VA.

The NAPEX show has been traditionally rich in presenting material in all areas of philatelic collecting. Over the previous decades, NAPEX has been the host exhibition for numerous First Day of Issues and major souvenir cards. The souvenir cards produced by the Bureau of Engraving and Printing, as well as the Plate Printer's Union, have become the cornerstone in most collectors' portfolios.

This year, SCCS Chapter 1 will continue the tradition with the release of its first annual meeting card. This card will also be issued at the BALPEX '93 show along with several shows which will be announced at a later time.

The "generic" card features an eagle perched on a rock and shield with the banner "STATE SOVEREIGNTY NATIONAL UNION" clasped in its mouth. The text "Souvenir Card Collectors Society *Chapter One*" is printed under the eagle. The eagle was engraved by the Federated Bank Note Company and is die stamped in black while the text and border are offset in green. [Illustrated opposite page. Ed.]

The card released at NAPEX will use this "generic" format along with "NAPEX '93" die engraved under the text. Additional die engraved overprints of this "generic" card will be offered this year at our scheduled Chapter 1 meetings. A free card will be available to all

SCCS members (paid 1993) who attend this year's SCCS Chapter 1 meetings. (If there are any cards remaining after the meeting, details on public sales will be released.)

In keeping with the title of this article, this is the announcement of the annual "kickoff" meeting for SCCS Chapter 1 at NAPEX '93. The meeting is scheduled for the afternoon of Saturday, 5 June 1993, at the Sheraton. The room number [& time] will be posted in the lobby of the Hotel during the exhibition.

The main activity scheduled for this meeting is the election of the board of officers for 1993-94 calendar year. During the past years, with help from Doug Hall and Barry Fox, Bob Waszilycsak has carried the load for the entire chapter. This is an excellent opportunity for members to accept a service position and help Bob. Elections for the offices of President, Vice President, Secretary, Treasurer and Sargent-at-Arms will be held during this meeting. Two new offices, Executive Secretary and Show Chairman, have been introduced and will be contested during this meeting. Barry Fox was chosen as the Nomination Chairman and is currently accepting nominations for all positions. If you have an interest, or know of someone who would have an interest (but is too timid to volunteer) in one of these offices, please write to Barry Fox at P.O. Box 453, Randallstown, MD 21133 or give him a call at 410-526-6446.

Other activities are still being planned. Mike Bean (from the Plate Printer's Union), who designed and printed the souvenir card, told me he is preparing some surprises for this meeting, but he wouldn't tell me what they are! All I can suggest is to come and participate in the festivities.

YVES BARIL STUDY GROUP FORMED

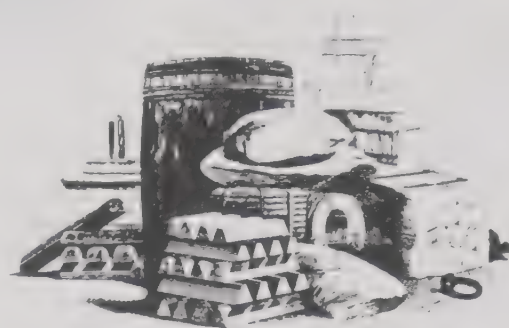

[John B. Denune (SCCS 1074)]

[The following is a condensation of information contained in the first issue of the newsletter edited/written by John B. Denune as mentioned in the article below. Ed.]

A study group has been formed to survey the work of Canadian Bank Note Company's master intaglio portrait engraver, Yves Baril, who has engraved over 200 postage stamps and banknotes including the U.S. 35¢ stamp honoring Dennis Chavez. Several souvenir items, including a portrait of Columbus by Baril (SO 98), were produced and made available by STAMP VENTURES at the WORLD COLUMBIAN STAMP EXPO in May 1992.

John B. Denune, 234 East Broadway, Granville,

OH 43023, (614) 587-0276 has edited and just produced the first issue (Winter 1992) of the study group's Journal (nine pages, illustrated) and the group has printed three intaglio proofs of Baril's handicraft: (1) "Eagle perched on rock," which originally appeared on the rare 1861 \$50 interest bearing note and later on the 1983 PPU BALPEX proof (F 1983G); (2) a Mexican scene proposed for the reverse of a 1969 Mexican banknote; and (3) "Cargo on the levee" vignette. They are printed on 8"x 6" acid free stock by the security printer, Borman Engraving of Cincinnati. Black proofs are \$5.00 each and sets of five color proofs (one design) are \$25.00 each. Add \$1.00 per order for postage. The designs are illustrated below. If interested in the group only, send a No. 10, SAE (29¢).

Michael Padwee has published a number of articles in the *Souvenir Card Journal* regarding the local souvenir cards produced by branch offices of the USPS throughout the United States. Our readers are well aware of this author's interest in Forerunner Souvenir Cards. There does seem to be a considerable amount of interest in the local Postal Service souvenir cards that have been issued around the United States. Hence, I thought it would be a good time to present several early or Forerunner, locally issued, United States Post Office Department souvenir cards.

The first local Post Office Department souvenir card known to exist was one that was issued in 1887. This particular souvenir card was issued by the Philadelphia office of the United States

Post Office Department. The obverse side of the card (top, below) shows a depiction of a 1787 postal delivery man riding on a horse. In the upper right-hand corner is a stamp-like design featuring a portrait of Ebenezer Hazard, who was Postmaster General in 1787. At the bottom there is data regarding the number of post offices, postmasters, and clerks employed by the Post Office Department in 1787. In small print at the lower right is the inscription "J.H.CAMP," who evidently was the designer of this particular souvenir card.

On the reverse side a Pennsylvania railroad ["P.R.R." on coal car may not reproduce] train is portrayed—then considered the modern way of delivering the mail (bottom, below). The card indicates that William F. Vilas was the

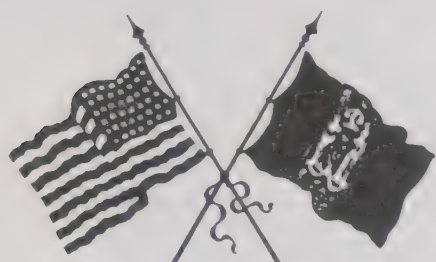

Postmaster General in 1887 and includes additional data indicating how the U.S.P.O.D. had grown and expanded in the past 100 years. "J.H.CAMP" again appears in the lower right.

This souvenir card is undoubtedly the oldest U.S.P.O.D. souvenir card in existence. Because it was issued by the Philadelphia branch of the U.S. Post Office Department it is really a Forerunner Local Postal Service Card. I first learned of the existence of this card about 15 or so years ago when I read an article about it in *Linn's Stamp News*. It took me those subsequent years to be able to find an example in a William A. Fox auction. It is exceedingly rare!

The Philadelphia branch of the U.S. Post Office Department issued subsequent souvenir cards. Often they were cards of congratulations or greetings to various members of the Universal Postal Union. One such card issued on 1 January 1899 (below), features embossed and intaglio multi-color crossed flags of the United States and Pennsylvania in the upper left-hand

corner with a multi-colored embossed intaglio seal of Pennsylvania in the upper right-hand corner. The text of the card is in black intaglio and reads: "The Postmaster Officers and Employees of the Post Office at Philadelphia send New Year's greeting and congratulations to Associates in the Universal Postal Union. January 1, 1899. Thomas L. Hicks Postmaster." The card measures 6.875" x 5.25" and is printed on buff colored card stock. There is no indication of the printer, but I suspect it was either printed by the E.A. Wright Company or the Bailey, Banks and Biddle Co., both of Philadelphia. This particular card had been removed from a scrapbook. I purchased it a number of years ago from Herb Meisels of New York.

Another example of a Philadelphia U.S.P.O.D. souvenir card (below, opposite) was issued as a form of seasons' greetings and congratulations to the U.P.U for 1900. The card features, once again, crossed multi-colored, embossed and intaglio flags of the U.S. and Pennsylvania at the

top of the card and a similar engraved, embossed and intaglio seal of Philadelphia in the lower left-hand corner with a blue ribbon. The text, in black intaglio, reads as follows: "The Postmaster Officers and Employees of the Post Office at Philadelphia sends season's greetings and congratulations New Year 1900 Thomas L. Hicks Postmaster." This card measures 5.5" x 6.75" and once again is printed on a buff colored card stock. The source and printing attributions are the same as the previous card.

Undoubtedly, the Philadelphia branch of the U.S.P.O.D. as well as other local branches around the country have issued a number of other Forerunner locally-produced cards. They

are very difficult to find as most of them were saved only in the form of scrapbooks. Some of them were printed by security engravers and printers. This article is intended to bring these three cards to light so that additional cards could be listed and described by other members of the SCCS. Once again they are considered Forerunner Local United States Post Office Department Souvenir Cards. The 1887 cards issued by the Philadelphia branch of the Post Office is currently the oldest known Post Office Department souvenir card. Should any of our readers have any further information on similar cards, this author would appreciate their writing them up for the SCJ.

[This is a condensation of the Newsletter for February 1993 of the SCCS Metro Chapter (4), which serves the New York Metropolitan area which, in my case at least, reaches Philadelphia. I encourage anyone who is within reasonable distance to New York City/northern New Jersey to join and participate in this group's activities. Dues are only \$5.00 (to cover the cost of printing and mailing the monthly newsletter) and checks should be made out to "Tom Whittle" and mailed to Michael Padwee, 163 Joralemon Street, Box 1520, Brooklyn, NY 11201.. Ed.]

The latest Chapter meeting was held at Garden State Stamp Show, Wayne, NJ on 9 January. Attendance suffered from a predicted snow storm, which never happened (but was enough to keep your Editor away—sorry guys!). The Chapter has settled on a logo (above, right) which will be used on future mailings and as part of a souvenir card for paid-up members.

Chapter renewals are running about 66% from last year's membership. [The result of the recession or the "doldrums" that usually follow the holiday season along with the credit card bills! All of the groups I belong to are "down."]

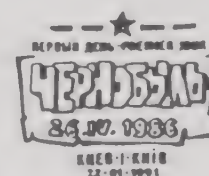

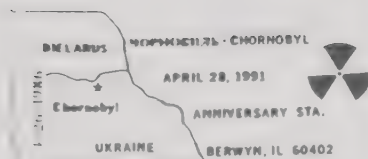

Michael provided a mint souvenir card (below, reduced) for all paid-up members. The card was off-set printed on recycled (8" x 5.5") card stock.

[Included was an updated listing of Souvenir Cards and numbers provided by Art Benjamin. A similar listing in this issue (pgs. 38-39) will be continually updated. I hope to illustrate, rather than simply describe, the intaglio cards as the information and/or card is available to me. Ed.]

The next Metro Chapter Meeting will be at GENA, Landmark Inn, Route 38, Maple Shade, NJ at noon on Saturday, 6 March 1993. Be there!

REMEMBERING THE FIFTH ANNIVERSARY OF THE NUCLEAR DISASTER AT CHORNOBYL

THE CHICAGO CHAPTER Of The UKRAINIAN PHILATELIC AND NUMISMATIC SOCIETY

The Winter 1992 auction was quite a success with many interesting souvenir cards finding new homes. Please see the prices realized and recap at the end of this listing. This current auction contains many new lots, including a few seldom seen items. In addition to the ABNCo hand-pulled proof from APS 1992 (see lot #1), there are some very scarce forerunners included in this offering. To the best of my knowledge, this is the first time an **F1954A Postage Stamp Design Exhibition** has been offered in this auction, as well as the initial listing of the infamous **"Honeybee" card (FB 1988A)** in both mint and canceled form!

Please check the enclosed listing carefully, as there are plenty of potential bargains! I've again included many lots in which the consignors specified **no reserve other than our usual \$5 per lot minimum**. A little effort (and some luck) may add some \$10-\$125 items to your collection for a fraction of that price.

PLEASE take special note of lot #1 below: the serial #1 hand-pulled proof from the American Philatelic Society 1992 convention [SO 105A], donated by Paul W. Schmid and the American Bank Note Company. The corresponding #1 hand-pulled proof from the ASDA 1st Postage Stamp Mega Event [SO 108A] will be auctioned off in the next sale. These are truly unique items, worthy of a superior bid, especially since all of the proceeds go directly into the SCCS treasury.

AUCTION BIDDING RULES

1. MAIL BID CLOSING DATE: BIDS MUST BE RECEIVED BY THE AUCTION MANAGER NO LATER THAN 45 DAYS FROM THE MAILING DATE OF THE JOURNAL. The mailing date is noted on the outside cover of the Journal.
2. Send all bids and auction correspondence to the Auction Manager: Ken Barr, P. O. Box 32541, San Jose, CA 95152. Telephone inquiries may be made until 10:00 PM Pacific time at 408-272-3247.
3. Bid by lot number only. Multiple item lots will not be broken. The earliest postmark will decide tie bids.
4. Bid processing will be done manually, at least initially, so special instructions can be given. "OR" bids ("bid \$10 on lot 101 OR 102, one lot only") are acceptable, as well as "maximum expenditure" limits ("please limit total winning bids to \$100 maximum"). Feel free to bid on any lots desired with the security that your winnings will be limited to the amount specified.
5. All items will be sold to the highest bidder. Bid reductions will generally not be made unless noted on special high-value lots.
6. Please observe a minimum bid of \$5 per lot. Some lots have higher minimums, denoted as MB \$xx in the lot description. Estimates (EV \$xx) are for information only, and have either been provided by the consignor, the current SCCS catalog, or the Auction Manager.
7. Lots will be shipped via insured U. S. Mail unless otherwise requested. Postage and insurance charges will be included in the bidder's invoice.
8. Successful bidders are to remit payment in full in U. S. funds within five days of receipt of their invoice. Late payments may disqualify the bidder from participation in future auctions.
9. Returns are acceptable within ten days of receipt of shipment. Please specify reason for return (damage, mis-attribution, etc.). Mistakes on bidder's part are not sufficient reason for return.
10. The Auction Manager reserves the right to withdraw any lot and to reject any unrealistic bids. Consignors are responsible for establishing any minimum bids that they wish to impose on lots submitted.
11. A "Prices Realized" list will be available shortly after the closing of the auction. Successful bidders and consignors will receive copies with their invoice or materials shipped. Others may request same by submitting a self-addressed stamped envelope to the Auction Manager.
12. Members wishing consignment information should write to the Auction Manager for details.

SPECIAL HAND-PULLED PROOF

1. Serial #1 (of 75) of the ABNCo. hand-pulled proof souvenir card [SO 105A] from the American Philatelic Society '92 convention in Oakland, CA. The card features three El Salvador stamps produced by the Hamilton Bank Note Company in 1893. While the regular limited edition card is printed entirely in brown, these proofs were printed in the issued colors of the stamp (green, purple and orange). Presented in a brown leatherette ABNCo. folder.

For this lot, the winning bid will be reduced to one standard increment over the second highest bid, so feel free to bid liberally. There is no reserve on this lot, but with the World Columbian Expo #1 (of 100) proof realizing \$400 (reduced from \$475), this one has the possibility of reaching the half-century mark.

SOME RECENT CARDS ILLUSTRATED

William Victor Kriebel (SCCS 27)

In preparing this issue, I reviewed the previous 12 volumes and was somewhat surprised that, although cards had been illustrated (especially in Donald W. Hitchcox's "Errata" series), many of the illustrations were duplicative and many cards had never "seen the light of day" in these pages. Even our own "bible" catalog (Volume 8) had limited illustrations.

The *Catalog of United States Souvenir Cards*, by Franklin R. Bruns, Jr. and James Bruns, illustrated every "official" card available (PS 1-30, B 1-47, and UN 1-17) at the time (1980) it was published (Florham Park, NJ, Washington Press). Obviously, a 13-year-old publication is not "up-to-date."

I am not sure if it is safe to assume that every member has (or wants to have) all the intaglio-

cards that have been produced, anymore than it can be assumed that they have seen the publicity releases from the printing sources directly or as reprinted in the philatelic/numismatic publications. I have read elsewhere, that one mistake some organizations make is the assumption that every member knows (has) what everyone else knows (has). New members may not have even been born when some of the "normal" cards were produced, let alone the Forerunners.

When I was offered (see page 2) the possibility of increasing the number of projected pages for this issue without a comparable increase in cost, I was delighted—especially since for this (only, I hope) issue the "cupboard was bare." Therefore, I illustrate some of the cards recently offered.

INTERNATIONAL ASSOCIATION OF SIDEROGRAPHERS

Organized in 1899, the Union has continued to follow their heritage of expertise and commitment to the intaglio security printing crafts. This elite group of highly skilled craftsmen, numbering around eight members, is the smallest International Union in the AFL-CIO/CLC.

The intaglio vignettes were engraved in the early 1900's by the John A. Lowell Bank Note Company.

There are no known portraits of Columbus created during his lifetime. This vignette, engraved in steel for the American Bank Note Company by Charles Skinner in 1887, was inspired by Sebastiano del Piombo's 1519 oil painting. This particular vignette has appeared on Puerto Rican currency and smaller versions were engraved for postage stamps of Chile and Costa Rica.

The same design was selected for the central vignette of the one-cent Columbian postage stamp issues of 1893 produced by the American Bank Note Company.
